

[Grimsby Morris Men on the telly!!](#) [1]

Following Martin and Trevor's appearance on Radio Humberside our fame has started to spread. We were contacted by Look North and asked to do an interview that very afternoon. In the event, we managed to get enough dancers, plus Ken to play the music, to enable us to do "James Higgins Number 1 Stick Dance". This was duly danced (twice) and filmed then Martin and Trevor were interviewed again. The whole thing was broadcast, somewhat edited down, on that evening's edition of the show, Friday 4th December.

As with the radio interview, I'll seek the permission of the BBC to post the item on our site.
